1<sup>st</sup> October 2010

Dear Dr Westbrook,

The Intensive Care Society of Ireland (ICSI) is delighted to officially endorse the European Surgical Outcomes Study (EuSOS). We feel this is a particularly important study to be involved with and hope that a large number of centres in Ireland will agree to participate. The ICSI is pleased to support this study in any way that it can.

Yours sincerely

Patrick Seigne  
President, ICSI
